

About Us

At Hollaback Guide Service we will work extremely hard to make your hunt exceed your expectations. Every hunt we take on is a personal contract to deliver an experience of a lifetime that we take great pride in.

We always say, "come as a client, leave as a friend." Our goal isn't to rush a hunt, but to build a lasting friendship with fur on the tailgate.

We also know that money is something that makes this business go around so, we'll strive to give you your money's worth in whichever game animal is being pursued and we'll do it over a true sportsman's handshake.

We live, hunt and work in pristine Downeast Maine. This area is a stone's throw away from Canada and is located just across the St. Croix River. A fertile hunting ground rich with game and remote enough to make your experience a true wilderness one, while enjoying the proximity of many major attractions. Just an hour and half off of I-95 and due east of Bangor, customers and friends can use this opportunity to visit historic lighthouses, quaint seaside villages and there's no shortage of regional fare such as lobster, clams, and all the fish you can eat.

HOLLABACK GUIDE SERVICE

Bears

The trophy black bear is one of our greatest passions. Whether it's with hounds or over bait, the goal is to deliver an experience that will stay on the wall for years to come. With numerous active bait sites, these bears are plentiful and there's a variety to choose from.

Bobcats

Pursuing the elusive bobcat is a thrill that many dream about. We take great pride in this sport and Bobcats present a challenge to the most experienced hunter. Our hounds will pursue with the same determination as we do, making this experience come to life.

Coyotes

As with any big game, this predator is one that will excite and deliver an adrenaline rush. At Hollaback, we take it to the next level when we're knocking on their door. To outwit the coyote is a challenge, but that's what makes the harvest so sweet.

Snowshoe Hare

Our beagles are disciplined in a manner that will please the most avid of hunters, yet will continue to circle the not so greatest of shooters. With action packed races, these little dogs will make the winter blues a fun and exciting time.

General Hunt Schedule*

Bear	Sept & Oct	5 Day Hunts
Bobcat	Dec thru Feb	5 Day Hunts
Coyotes	Feb thru Dec	5 Day Hunts
Snowshoe Hare	Oct thru March	5 Day Hunts

**Hunts may be customized.*

Hounds

We've been hunting with hounds in the Maine woods for over 25 years. We're no strangers to the task at hand. Our hounds are worked on a daily basis with strict guidelines, top-notch conditioning, and we accomplish this with a proven breeding program.

Bill Dereszewski is the President of the Downeast Houndsmen Association, is a UKC Bench Show judge, and serves on the Board of Directors for the Maine Sport Dogs Association. As an active member in several clubs in Maine and New Hampshire, Bill also works to fight the fight on referendums to preserve our sport in the State's Capitol.

Tradition

We carry on a tradition that's been bringing families together in a way that's rewarding to everyone. Our hunts are done the old fashioned way using traditions that have remained unchanged for hundreds of years, yet we offer fully customized packages for your unique experience.

We welcome hunters of all ages and backgrounds. Book your group rate with just a phone call. We cater to special needs clients, children, and anyone who shares our passion for the outdoors. Hollaback Guide Service will provide you and your family a memorable vacation that will last a lifetime.
